UCCS PIPs is Live

download today!

Imagine if every time you rode the bus, biked, donated time or recycled, you were rewarded with a 'currency of good,' that you could redeem for great deals on grocery money, tuition scholarships, and/or clothing gift cards.

PIPs are Positive Impact Points - a 'currency of change' - that are earned and redeemed for everyday actions that positively support your community and personal health. Behaviors are tracked and rewarded via the PIPs Rewards App that has been customized for UCCS students.

Start earning PIPs today

Here are five easy actions (that you're probably already doing) where you can earn over 500 PIPs this week:

- Refer a friend. Earn 50 points for both you and your friend when you recruit them to download and use the app.
- Ride your bike. Visit the Sustainability Demonstration House or the Parking and Transportation Services Office to sign up for Pedal Perks. You'll earn 50 PIPs per bike ride per day.
- Refill your water bottle. Visit the Sustainability Demonstration House to get a PIPs sticker for your water bottle. Or find us at an event to earn a new water bottle. Scan the code when you refill your water bottle to collect 20 PIPs, up to three times a day.
- Visit the Center for Civic Engagement & Service. Earn 50 PIPs for meeting with Student Life staff to learn about personalized volunteer opportunities. After your meeting, you'll scan a QR code to get your PIPs. You can also earn 500 PIPs for every two hours of volunteering you complete, up to six hours.
- Go to a group fitness class at the Gallogly Recreation & Wellness Center. Join a class to earn 100 PIPs. Scan the QR code offered by the instructor at the end of the class to collect your PIPs.
